HERMOSILLO, Capital of Sonora, Feb. 20.—The Indian Hermosillo means "Little" and his excellency Francisco, governor of this state, applies to the city and to woman in it. On the streets, or at work in government offices you see beautiful girls. There is not a bobbed or a shaved neck among them. Their dark hair falls naturally curly, loose on their shoulders and necks, sometimes fastened with a ribbon. Their eyelids are lowered demurely but when a rancher from California, one of them a question, and raises her eyes, she carefully avoids Spanish words are from his mind.

It is a beautiful old city, one of the most important and progressive in Mexico. The soil is so fertile that even with dry farming of it yields 90 bushels of crop from a bushel of sown seed. A soil sent by the British government to seek land for corn growing reported that the area west of Hermosillo has the fertility of the Nile.

THE STATE and federal governments concentrate on three things: education of children, building good roads, finding employment for the idle—while waiting for new schools. Governor Elias has the biggest private school available, turning them into schools. Six hundred children attend school in one such building. In another, Americans discuss an international highway from Canada through Mexico to the Panama canal, and perhaps on to the Gulf of Mexico. That is pleasant talk. But in the meanwhile Governor Elias has gigantic machines ordered from Hermosillo and shipped, 175 miles, and will have the road finished in a year, and it will be the most modern road machinery. Giant tractors and grading machines could be seen at work on the new highway south of Hermosillo, hundreds of men with pumps, rollers and highway machinery working ahead of the road machinery.

ALL THAT EQUIPMENT is bought in the United States. Mexico is a good customer and a good friend of this country. Governor Elias went to college and sent his boys to school in the United States. President Ortiz has two sons studying in the United States now. Twenty acres of new parks and playgrounds are now building in the heart of Hermosillo, with baseball and football fields. This morning a carload of shrubs and trees, "Himalayan cedars," slender, expressive trees, rose bushes, etc., bought at Ontario, California.

Within a year, Americans will drive here from the border line at Nogales in five hours, thousands of them, on the new road. Meanwhile the Southern Pacific of Mexico brings you here comfortably in Pullman cars.

MANAGERS of the International Telephone Co. and Mr. Clifford, head of the big company, would see something interesting about the Southern Pacific of Mexico tracks. At Casita and all the way back to Nogales, a telephone line is building from Nogales to Mexico City, but not by Mexicans, or in the old clumsy, expensive way. An industrial Swedish genius, Ericsson, head of the Swedish Match Co., is building the line as he is building all over

Two Ordered to Court on Traffic Charges

Two men were ordered to appear in municipal court yesterday by police, charged with violation of traffic ordinances.

R. D. Meisse, 38, of 298 South High street, is charged with using the wrong license plates on his automobile.

William Holwerstott of Marion R. F. D. No. 6 is charged with failing to obey a traffic signal.

Both men were ordered to appear in traffic court today.

TO ATTEND CONCERT

Members of the First Reformed church here are planning to attend a concert at the Gallion Reformed church Sunday night by the Heidelberg College Women's Glee club, which is now on a tour. The club has 49 members.

Three Guests Attend Meeting of Ladies' Aid

Three guests, Mrs. D. M. Hunsman and Mrs. Jennie Showers of Marion and Mrs. Guilford of Clar-

don and 13 members of the Ladies' Aid society of the Lickens Chapel M. E. church, held an all-day meeting yesterday at the home of Mrs. W. T. Guilford of the Lickens Chapel road. The time was spent in quilting. A buffet luncheon was served. In a social hour which followed later in the afternoon, Mrs. Showers entertained with a vocal solo. The society will pack a basket for a needy family at a meeting in two weeks with Mrs. Elberta Brewer of the Upper Sandusky place.

Emma Berger Class of Calvary Church Meets

A program of readings, songs and contests was enjoyed by the Emma Berger class of Calvary Evangelical church at a meeting last night with Mrs. Richard Thomas of Barnhart street. Readings were given by Mrs. Elsie Berger and Howard Brooks and songs were sung by Mrs. Alpheus Gruber and Miss Alma Clark, accompanying themselves on the mandolin and guitar.

Trios were sung by Mrs. A. L. Wood, Mrs. George Orions and Mrs. Urban Zachman. Honors in contests were awarded Mrs. A. F. Har-ruff and Mrs. Orions. Refreshments were served by the Fabruary committee headed by Mrs. Thomas. A meeting will be held March 19.

CITY BRIEFS

Minor Operation—Mrs. C. G. Oehler of Prospect R. F. D. No. 1, underwent a minor operation this morning at City hospital.

Bicycle Stolen—Theft of a bicycle last night was reported to police by Richard Lehman of 469 Uncapher avenue.

Services Today—Funeral services for Mrs. Irma Young Meredith of 194 Lake street, well known in Epworth M. E. church circles, were held today at 2 p. m. at the church with the pastor, Dr. C. E. Turley, pastor in charge. Interment was made in Marion cemetery. Mrs. Meredith died Wednesday night.

Appears in Court—Walter Staub of Thew avenue was placed under a six month workhouse sentence in municipal court this morning to secure the payment of \$20 a month toward the support of his minor child. Staub voluntarily appeared in court to answer the charge brought against him by Margaret Dennis.

BIRTHS

Mr. and Mrs. Charles Burke of 570 Avondale avenue are the parents of a daughter born this morning.

A son was born Thursday to Mr. and Mrs. G. A. Baker of Pittsburgh. Mrs. Baker was formerly Miss Zelma Donly of this city.

Mr. and Mrs. Adam Mason of 433 Patterson street are parents of a son born Thursday. He has been named James Eugene.

Favorite Birds Given at Meeting of Grange

Names of favorite birds and the reason for the choice made up the roll call responses for the meeting of Mt. Olive juvenile grange No. 429 last night at the grange hall. A paper on "George Washington" was given by Miss Mary Uncapher and Miss Ruth Oesterle gave a recitation.

A story presented by Miss Hope Ruth concluded the program hour. The remainder of the time was spent with games. The next meeting will be in two weeks at which time work will be conferred. Four applications were received.

SANDBURG TO SPEAK

CARL SANDBURG

WELL-KNOWN WRITER
BILLED FOR ADDRESS

Next Lecture Course Number
To Be Held at Central Au-
ditorium Monday.

Carl Sandburg's appearance here Monday night at Central Junior High school marks a new high light in entertainment course numbers. He comes under the auspices of the senior class of Harding High school, and is the last number on the course for this year.

Because of the unusually large advance sale for Mr. Sandburg's talk, those who plan to attend have been asked to call the high school office Saturday morning and Monday for tickets. The office will be glad to deliver the tickets. This plan will avoid a possible oversale of seats, and any disappointment in not being able to buy tickets Monday night.

Sandburg is one of America's outstanding contemporary literary men, and his appearance here will appeal to the many literature study clubs of the city as well as the patrons of the entertainment course.

GREEN CAMP, Feb. 20 — The Diggers class of the M. E. church held its regular meeting Wednesday evening at the home of Mr. and Mrs. Frank Lyon. It was a farewell party for their teacher, Mrs. O. R. Lindley, formerly Mrs. Gladys Lyon, who will leave the first of March for her new home near Prospect. Games and a Valentine exchange were enjoyed. Harold Hedges was elected teacher. He will take charge March 1. Guests of the class were Rev. and Mrs. E. R. Rector and daughter, Harry Lyon, Harold Hedges, Ruth Lyon, Oran Lindley, and Mr. and Mrs. Frank Lyon.

The Y. C. W. of the Reformed church west of Green Camp met Wednesday night with Marion Harper. The business meeting was in charge of Clifford Smith, who also gave the devotionals. Roy N. Lovett and Mrs. Elmer Bricker were prize winners. Guests of the class were Roy M. Lovett, Damon Carly, Opal Johnson, Margaret Carey and Mildred Bodley.

Mrs. Becker Hostess to Society at Wyandot

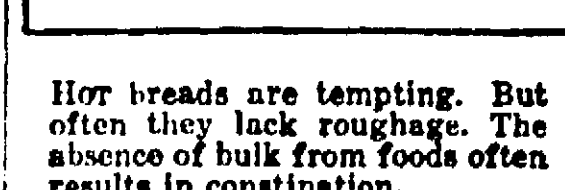

WYANDOT, Feb. 20 — Mrs. George Becker was hostess to the members of the Women's Foreign Missionary society of the Methodist church Wednesday afternoon. A short business session preceded the program. The president, Mrs. L. B. Smith, presided and conducted the devotional exercises. A playlet, "Honorary Members," was given by Mrs. C. T. Turney and Mrs. E. S. Steinmetz. Leaflets were read by Mrs. C. O. Shemer, Mrs. A. F. Hehl, Mrs. A. J. White and Rev. L. B. Smith. Refreshments were served by the hostess and Mrs. Ray Chance was a guest.

Prof. D. J. Mulholland, superintendent of Edon Center schools, was surprised on the occasion of his birthday anniversary Tuesday night when the seniors of the Edon Center High school gathered at his home in Wyandot to help him celebrate. Games and contents were enjoyed and refreshments were served. There were 21 seniors present.

ADD HEALTH TO HOT BREADS

Hot breads are tempting. But often they lack roughage. The absence of bulk from foods often results in constipation.

But now you can have hot breads with roughage. Simply add a cupful of Kellogg's ALL-BRAN to the recipe. This delicious cereal furnishes the bulk needed to assure proper elimination. You will find many appetizing recipes on the red-and-green ALL-BRAN package.

Equally tempting as a ready-to-eat cereal with milk or cream. Two tablespoonsful daily are guaranteed to prevent and relieve both temporary and recurring constipation. In severe cases, use with each meal.

ALL-BRAN also furnishes needed iron for the body. At all grocers. Made by Kellogg in Battle Creek.

Flashes of Life

By The Associated Press.

NEW YORK—Here's the perfect man: Height 5 feet, 8 inches; weight 140 pounds; waist, 30 inches; hips, 37 inches. Such are the specifications for a model wanted for the style show of the clothing designers' association.

SCARSDALE, N. Y.—Engaged 51 years during which marriage was deferred because of her career as a lithograph artist, the former Julia Summers is a bride at the age of 68. She is now Mrs. Walter Durbrow. Her fiancé moved next door to her 40 years ago and had urged marriage since.

NEW YORK—The Rev. Elliot White, whose connection with Grace Episcopal church has been severed because of his views on marriage and who proceeds to be a minister-at-large, never wears a hat. His hair is white like his name. So is a flower he always has in his buttonhole. He never wears an overcoat.

PHILADELPHIA—European, it seems, smile at American indignation over child marriages in the Orient. Setting this forth at a meeting here, Dame Huchael Crowley, British sociologist, proceeded: "We know that seven states in your country permit marriage of girls at the age of 12 and one state at the age of 10."

NEW YORK—George Bernard Shaw in a new book argues that the doughboy was inferior to the Tommy. He says forth that a British soldier if ordered to drive a truck to the right of the road would get within a foot of the edge while the American would be all over the road. When the American troops were finally under American command, he avers their lines of communication were jammed and became impassable for 48 hours.

The pay days of those who work for love are uncertain.

Iberia News

IBERIA—About 20 were in attendance at the Epworth League social Monday evening at the Methodist church. A general social time was enjoyed. Rev. Hoffman having charge of the entertainment, which was in keeping with Valentine day. A lunch was served by the committee on refreshments.

RELICS OF WASHINGTON PRESERVED IN LIBRARY AT OHIO WESLEYAN

Special to The Star.
DUBLIN, O., Feb. 20.—Three hundred and thirty-three of the life of George Washington are carefully treasured in the library of Ohio Wesleyan University. They are a letter written by the president's own hand, and a saucer which were used by Washington.

France (including the one hundred thousand dollars already ordered in part) agreeably to the requisition of M. Le Brune, Minister for foreign affairs in that country—and in such manner as will comply with the State of the Treasury.

China, decorated with deep blue hand-painted flowers. The portrait of Washington reproduced above hangs in Slocum library at Ohio Wesleyan. It is an etching by A. Blanchard from the painting by Coudert.

New Buses Added to Marion-Toledo Route

The Maag Bros. Transit Co. under Arcodell management, operating between Marion, Findlay and Toledo and intermediate points this week added three new Yellow coaches to the equipment of the company. Each coach carries 21 passengers in reclining chair seats. The company will increase the daily number of trips to Toledo from four to six shortly.

Ridgeway News

RIDGEWAY—Miss Emily Cotner entertained the Young People's class of the M. E. Sunday school Friday evening at her home. The home was decorated in hearts. Refreshments were served. Winners in the contest were Mildred Ulrich, Myrtle Brown and Waldo Cotner. Mr. and Mrs. Charles Iams spent the weekend with Mr. and Mrs. E. E. Elliott. Mr. and Mrs. John Fout entertained 12 girls at a birthday party in honor of their daughter, Mary Louise, who was nine years old. The house decorations were in keeping with Valentine day. Milton Deardorf died suddenly Friday night while sitting in his chair at his home. Heart trouble was the cause. Miss Cathryn Smith of Ohio State spent the week-end with her parents, Mr. and Mrs. J. S. Smith. Miss Cathryn Smith had as her guest over the week-end Miss Marie Harshberger of Sidney. Rev. George Hoopes underwent a second operation at Mary Rutan hospital in Bellefontaine. His condition is critical. Gregg Hatcher's condition remains about the same. Mrs. Lillian Wood is spending a few weeks with her sister in Columbus. The C. A. D. class of M. P. Sunday school was entertained at the home of Mrs. Davis, February 12 in honor of Lincoln's birthday, and seventeen of the class and ten visitors were present. Mrs. Ida Fishburn of Forest

spent last week at the home of Mr. and Mrs. John Henry. Mr. and Mrs. Lake Spicer of Marysville spent Sunday at the home of her father, T. J. Cottrell. Mr. and Mrs. Sam Hatcher of Cleveland, Mr. and Mrs. George Hatcher of Bellefontaine spent Sunday with E. E. Elliott and Father Gregg Hatcher. Mrs. Grant Richardson and daughter and Mrs. Morris Richardson spent Monday in Bellefontaine. Mr. and Mrs. Charles McGinnis entertained at Sunday dinner Will Rogers and family and Mr. and Mrs. Gayle Rogers and family. Mr. and Mrs. Oscar Robinson spent Sunday with Mr. and Mrs. Louis Fisher.

The Stars Say—

For Saturday, Feb. 24.
WHILE this day may be lively enough, nevertheless a very precarious state of affairs must be presaged under the generally adverse stellar configurations. There is augury of precipitate change or travel, but there are no signs of progress or achievement. Personal affiliations may also prove anxious or disturbing. Those whose birthday it is may have a year in which it will be difficult to make much headway against tenacious obstacles and frustrating circumstances. There may be a suddenly precipitated state of affairs meaning unwelcome and hazardous change, and finances as well as personal associations may be cause for anxiety. A child born on this day should be versatile and clever but should be well trained to meet and overcome many obstacles and setbacks in life. Sweden is planning to improve more than 1,600 miles of highways within eight or ten years at a cost estimated at \$18,000,000.

Grease Scum

on

Glassware

BY MARY LEE WORK

An easier way to do dishes and 2 other hard jobs. Try it yourself and see

Most women are troubled with a cloudy, greasy film on dishes and glassware no matter how carefully they wash them. You can avoid this entirely with a preparation called Climalene—used according to the directions below. It's the same preparation that smart shops use to make the china and glassware you see on display shine and sparkle so marvelously. And in addition, it cuts dishwashing time in half and keeps one's hands lovely. It makes two other hard jobs easier too—family washing and cleaning silver. You can get a package for 10 cents (12-oz. package) at any grocery store. Women who use it save themselves hours of needless work. You too, can find time to enjoy life—shop, go to the movies, do many of the things you now think only a woman with servants can do.

To Make Dishes Sparkle Like Jewels

Add one teaspoonful of Climalene to a dishpanful of water, use only 1/4 the amount of soap you now use. It instantly cuts the grease from dishes and cooking utensils, makes glassware sparkle and china gleam. The Climalene-softened water, plus certain bland cleansing agents, cuts your dishwashing time 1/4 or more—saves 1/4 or more the soap you now use.

To Avoid Faded Gray Washings

Use 2 tablespoons of Climalene, and 1/4 the usual amount of soap. Clothes emerge soft, spotless, utterly without fading. For soap fade and soap eat are ended this way. In recent tests men's blue shirts were washed 75 times without noticeable fade; shirtest French hosiery 100 times or more—to prove the blandness of this way.

To Clean Silver Without Rubbing

Add one teaspoonful of Climalene to 2 quarts of water in an aluminum pan. Immerse the silver—bring it to a boil. Then rinse silver, and wipe dry. That is all. All signs of tarnish disappear. Even the most intricate and highly embossed silver patterns are perfectly cleaned.

Why It Cleans

Climalene instantly takes all the harshness out of Lake water, medium hard water, and hard water. Makes it soft and gentle as rain water. So soft it does the work with 1/4 the soap you now use. At the same time, due to certain bland cleansing agents, it instantly dissolves all grease, dirt and grime, and thus cuts your working time 1/4 or more. In washing, cleaning and in the dishpan.

BUCYRUS MEETS HARDING HERE TONIGHT

PRESIDENTS SHOULD RECORD VICTORY IN GAME WITH REDMEN

Gallon Tackles Ashland in League's Headliner; Mansfield at Shelby.

BY BOB KIRKPATRICK
Sports Editor, The Star
CONFIDENT they will be able to put at least a temporary end to a three game losing streak, Harding High's cagers will entertain the lowly Bucyrus basketball team tonight on the court of The Star auditorium. Nothing is at stake for the Harding outfit other than desire to record two victories in one season over the Bucktown boys.

Bucyrus is bringing a team here that has been weak from the start of the season but which has been improving steadily for the last three weeks. The Winters-coached men make no secret of the fact they believe Harding will be defeated.

Harding Should Win
On the basis of earlier showings this season Harding should emerge the victor over Bucyrus. However, the Bohyer-coached team has been showing no more than average strength this week in practice, having been vanquished by a squad of reserve players on more than one occasion. The Presidents should win but a Bucyrus victory would not be particularly surprising.

Ashland and Gallon will stage the headline battle of the N. C. O. schedule tonight. Should Ashland win the race the championship will be settled. Should Gallon come through with a victory there is a possible chance for the McClintock outfit to displace Ashland before the end of the season. Mansfield on the Shelby court tonight. Miller

CONGER WINS CLOSE RACE FROM KELLER

Split Vote Gives U. S. Half-Mile Ace Victory Over Flying Frenchman.

By The Associated Press.
NEWARK, N. J., Feb. 20.—A split vote of the judges has added another victory to Ray Conger's long list of triumphs and charged Paul Keller, 800-meter champion of France, with his third straight defeat on American indoor tracks. Conger was awarded the decision over Keller in a blanket finish in the special 1,500 meters run of the New Jersey A. A. U. track and field championships here last night. Three of the finish line judges thought Conger won while the other two voted for Keller.

Conger set all the early pace but Keller, showing greatly improved form dashed past the speedy Illinois A. C. middle distance ace a lap and a half from the finish line and 50 yards from home seemed to have the race tucked away. Conger flashed his usual closing spurt to pass the Frenchman by inches.

and Culbertson should be able to hit the net with enough consistency to hand the Mansfielders their fifth defeat of the season and keep the Whippet outfit in third position.

A preliminary to the Harding-Bucyrus encounter will be played in The Star auditorium at 7:30 p. m.

WOOSTER WINS, 70-44

By United Press.
WOOSTER, O., Feb. 20.—The Wooster college basketball team piled up the highest score made in an Ohio conference game this season here last night when it defeated Oberlin college, 70 to 44.

Jim Courtney, Wooster forward, scored 28 points. McConihe, guard made 14 points.

Spurt followed spurt and the pair crossed the finish line virtually on even terms. The time was 2 minutes 33.1 seconds, fast for the flat, unbanked track of the Newark smory.

Bill Bruder, Newark, A. C. flash, captured the 60-yard dash title in 8.3 seconds; Eddie Roll, of the same club, captured the 60 yard race, and Dave Adelman, former Georgetown weight star, won the shot put.

Night Hawks Victors Over Marion Star 5

The Marion Night Hawks' basketball team was a close winner last night on The Star floor over the Marion Star Circulators. The final score was 16 to 15. The winners led by a wide margin in the first three periods but were almost beaten by a rally on the part of the junior publishers late in the game.

TO DISPLAY MAT CHAMPION'S BELT

Joe Banaski's belt, symbol of the light heavyweight championship of the Mid-west Wrestling association, will be on display at Markert & Lewis Monday from 10 a. m. until 6 p. m.

The belt, valued at about \$5,000, was given Banaski when the association awarded him the title. He will risk it Monday night in his match with "Dude" Chick in the Steam Shovel gym.

TITLE CONTENDERS WILL MEET TONIGHT

Eddie Shea, Red Francis, Featherweights, Clash in New York Ring.

By The Associated Press.
NEW YORK, Feb. 20.—Two leading contenders for the featherweight championship, Eddie Shea of Chicago and Kid Francis of Italy clash in a 10-round bout in Madison Square Garden tonight.

Shea, a rugged warrior with a powerful punch, is an 8 to 5 favorite. He has not fought here since he was knocked out by Charlie (Phil) Rosenberg, then bantamweight champion.

Francis, who has abandoned his chase for the bantamweight title in favor of mingling with the bigger fellows, has won five straight bouts since he returned from abroad to open his third American campaign. He is aggressive and experienced, but boasts little power in his punches.

Shea was called in as a substitute for Fidel La Barba when the former flyweight champion was taken ill.

By International News Service.
MIAMI, Fla., Feb. 20.—Ticket sales for the Mickey Walker-Johnny Risko fight here next Tuesday today totaled \$5,000. Promoter "Pa" Stripling, who is operating for Madison Square Garden on a percentage basis, said he was well pleased with the advance sales.

Stripling sent a batch of letters to yacht owners and many other millionaires here and the response indicated a fine representation of the social register at the battle.

Both Walker and Risko continued brisk training programs. Walker has been hitting up a hard pace against his sparring mates and has indicated he intends to keep the Cleveland rubber ball if he gets a chance.

Risko, who said he held Walker lightly until he took a beating from the middleweight champion in Detroit, is working hard. He said today if he did not win he would have no alibis.

BANASKI WILL SPOT "DUDE" CHICK WEIGHT ADVANTAGE MONDAY

Challenger To Weigh in at 175 Pounds at 3 P. M. Day of Match.

BY KARL K. McELROY
JOE BANASKI will be spotting "Dude" Chick a big advantage when he defends his light heavyweight wrestling title in the Steam Shovel gym next Monday night. This was revealed today after officials of the Mid-west Wrestling association had vetoed the champion's appeal that Chick be compelled to weigh not more than 175 pounds just before he enters the ring in quest of the crown.

According to the contract drawn between the two men and promoters Chick is to make the weight by 3 o'clock in the afternoon. Banaski pointed out to Chob Sissona, president of the association, that this would permit the challenger to add four or five pounds to his weight before he enters the ring.

Apparently Banaski still remembers the beating Chick gave him several weeks ago at Toronto, Canada. Chick was overweight and so Banaski's crown was not at stake but that did not keep the champ from a good whipping.

However, Banaski will go through with his contract despite the advice of friends who urged him to pay the forfeit. The champion is training harder than ever to be in the best condition possible for the bout.

Interest in the bout is growing throughout the central Ohio district. Promoters of the event have placed advertising in all the nearby towns and already there is a great demand for the reserved seat duceats.

Efforts are being made to install 500 additional general admission seats to accommodate the overflow crowd expected at the match. These seats will go on sale at the Shovel gym ticket office Monday at 6:30 p. m. Reserved seats now are being sold at Markert & Lewis.

HEADING SOUTH

First Delegation of Sox Leave for San Antonio, Texas.

By The Associated Press.
CHICAGO, Feb. 20.—The second detachment of Cubs and the first delegation of White Sox players will head for Catalina Island, Cal., and San Antonio, Tex., tomorrow.

The first Sox squad will include only two players as it departs from Chicago, but others will go directly to Texas, or be picked up en route. Pitcher Tommy Thomas and Frank Grube, recruit catcher, are the actives who will accompany Manager Donie Bush, Coach Barney Kelly, and traveling secretary Lou Barbour.

The Cub party will include Hack Wilson, Lester Bell, Kiki Cuyler, Cliff Heathcote, Dan Taylor, Riggs Stephenson, Bill Jurgens, Vincent Barton and Woody English.

Sightless Bowlers in Unique Alley Contest
By International News Service.
ALBANY, N. Y., Feb. 20.—Albany bowlers today held the laurels in a unique bowling contest. An Albany team of blind men defeated a team of New York sightless men here last night, winning two games, 309 to 307, and 452 to 241.

The Albany players had a slight advantage as they used a guide rail to direct their shots, while the New Yorkers depended entirely on their sense of feeling.

Students Find How Long It Takes To Put on Paper What They Know

How much do you know and how quickly and accurately can you put it down in black and white?

The senior class of Harding High school was confronted with an intelligence test yesterday morning, prepared and issued by Ohio State University.

Students passing the test will be admitted to any college or university in Ohio without an entrance examination. The test has been given in high schools over the state. Results will be graded and returned to the students before graduation.

Eight A Minute

The first test of 80 questions, there were 256 altogether, was given with a time limit of 10 minutes, or eight questions a minute. The student marked the one word in five they thought correctly answered the question.

Here's a sample: Above is the opposite of—across, width, out, below, inside; bold is the same as—bad, manner, wicked, boldness, daring; ache is the same as—carache.

wound, pain, blister, send, hate is the opposite of—see, deaf, regard, amuse, love. The students marked the one word in the five they thought correct.

Eighty of those to answer in 10 minutes. Eight a minute. That's going some. After the first 40 the person who is not alert will slip on the "opposite" and "same" clauses. The second test is another requiring a nimble mind that doesn't go wool-gathering. Two words, for example, boy and boys and a third, such as man, were given. The test was to find among the five numbered choices a word which fit the third word in the same way that the second word fit the first.

Here Is Sample

A sample of the test of which there were 120 questions. Small snail, boy, boy's, boy's boys; pour, poured, kick, kicked, kick, kick's, hatter, hatter's, hatter's hatter; batz, batz; do deed, sing, sang, song, sing's, sing's sing; the third and last part of the test, 14 paragraphs on history.

geology, geometry, religion, law arithmetic etc. had a time limit of 22 minutes. The paragraphs were to be answered from a list of words following each question.

A practice test paragraph is given below.

"Christopher Columbus, a Corsican sailor, after much hard effort, at last persuaded Queen Isabella to aid him. She sold her jewels and gave the money to him. With it he chartered three small vessels, the Pinta, Nina, and Santa Maria, his flagship, and set sail from Lisbon on Friday, Aug. 12, 1492. He first sighted the San Salvador Islands on Friday, Oct. 12, 1492, which islands he supposed were the mainlands of the Indies. Since he had reached them by sailing westward, he christened them the West Indies. The name 'America' did not originate until some years later when the newly discovered continent was named in honor of Amerigo Vesputi."

The questions asked on this paragraph were: What word in the paragraph means "sighted"?—sighted, sold, chartered, supposed, reached; what was the name of his flagship?—Isabella, Santa Maria, Pinta, Nina, Amerigo; what word in the paragraph means "mistakenly believed"?—supposed, reached, christened, discovered, persuaded; what name did Columbus give to the

newly discovered islands?—America, Corsica, San Salvador, Lisbon, West Indies.

The first two class periods yesterday morning were given the seniors to answer the questions. Members of the faculty supervised the test.

Mt. Union Beats Muskies 47-44 in Overtime Battle.

By International News Service.

ALLIANCE, O., Feb. 20.—Mt. Union's cagers still boasted of an unblemished record today, after winning a desperate basket ball game from the Muskingum five last night, which required two overtime periods to decide. The final score was Mt. Union 47, Muskies, 44.

Battling with a never-say-die spirit, the Muskies held their own with the Ohio conference champions throughout the contest, throwing the biggest score of the season into the ranks of the Alliance squad.

Cope's superb work at forward in annexing 17 points aided the Mt. Union victory.

A cold does 3 things "Pape's" stops them all

A cold always affects you in at least three ways. Air passages are inflamed and irritated. Perspiration is checked. Bowels are clogged with acid wastes and from the mucous discharge. So doctors say you must do three things to be rid of a cold.

Pape's Cold Compound does all three! It reduces inflammation and swelling of the mucous membrane;

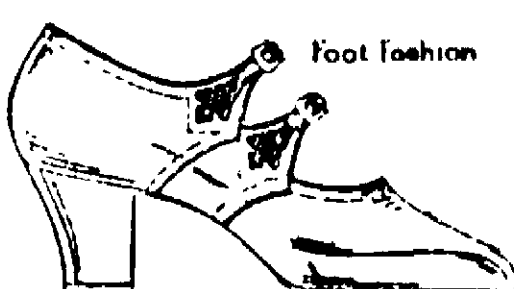

it induces perspiration, opens the bowels. Chew one of these pleasant tablets and see how quickly nasal discharge stops, head clears, breathing becomes easy. See how that aching, feverish, weak feeling disappears. And "Pape's" doesn't stop with killing cold germs. It activates bowels and removes germs and acid wastes from the system. All drug stores—25c. Just remember "Pape's"—Adv.

It's new... a real advance!

Super-Shell Ethyl

Livelier, quicker anti-knock gasoline... because science has found a way to REMOVE EVERY SLOW-VAPORIZING, LAZY PARTICLE

Now... science's new, perfected anti-knock fuel!

Super-Shell Ethyl is different. It contains Ethyl fluid, of course—a generous charge that assures positive anti-knock value. But with this is now blended a special gasoline.

Shell engineers developed it. They knew that inferior gasoline—no matter what was added—doesn't deliver best performance in your car. They set out to make anti-knock fuel utterly free of slow-firing, harmful, "heavy" gasoline particles. Months of experiment... then they succeeded!

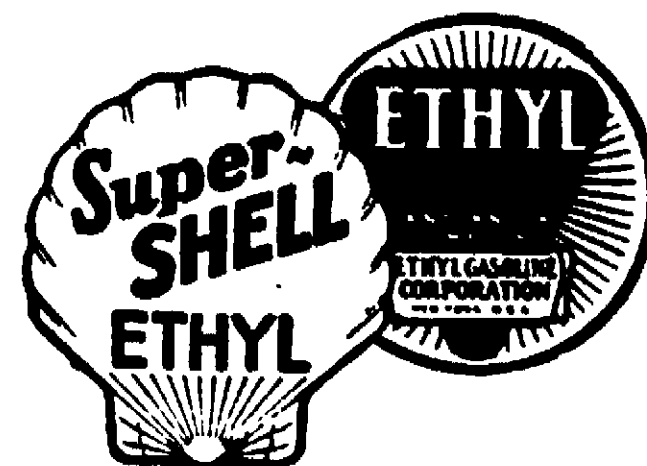

It is a matter of "washing" the gasoline in a series of huge refining towers where the gasoline vapors travel over Shell's

amazing system of "bubble cap trays." Here all the harmful, heavy "fractions" so often left in gasoline are "scrubbed" out.

Into a special pipe flows only the volatile, lively gasoline which Shell blends with Ethyl fluid!

Thus Super-Shell Ethyl gives you finest engine operation. Quick starting. Smooth, even power. High anti-knock value.

Now... see what really fine performance your motor is capable of giving. Try this new Super-Shell Ethyl today. One test will convince you.

announces his appointment as

OAKLAND-PONTIAC DEALER

It is a pleasure to announce our appointment as Oakland-Pontiac Dealer in this community, not only because it gives us the opportunity to sell and service these two fine cars but because it reflects Oakland's confidence in our organization.

"MAKING NEW FRIENDS AND KEEPING THE OLD"

We look upon Oakland-Pontiac's principle, "Making New Friends and Keeping the Old" as one of the most constructive steps in the motor car business. The guiding spirit of Oakland-Pontiac—to make every car so well that it will inevitably make a friend—will guide us in selling and servicing these two fine cars.

TWO FINE CARS—Delivered Prices OAKLAND PONTIAC

These cars are fully equipped—even front and rear bumpers, extra tire, tube, and tire lock are included. Fire wire wheels are standard equipment.

\$742 IN MARION for the 2-door sedan, equipped and delivered. Coupe, \$742; 4-door sedan, \$812; custom DELIVERED sedan, \$852; sport coupe, \$782; convertible coupe, \$812. These cars are fully equipped—even front and rear bumpers, extra tire, tube, and tire lock are included. Five wire wheels are standard equipment.

We invite you to see the new Oakland and Pontiac cars now on display in our showroom. They are two fine cars—products of General Motors, with Body by Fisher. You will be impressed by the style, beauty and charm of their low, graceful lines. Please let us demonstrate to you how capably they can serve you. Both are priced far below the mark which their good looks, comfort and fine performance imply.

It will be a pleasure to extend to you low rate financial services, which make the purchase of a new or used car an easy, economical transaction.

By The Associated Press.

YOUNGSTOWN, O., Feb. 20—

Operations at the Monroe, Michigan

plant of the Newton Steel company

will be resumed "not later than

March 1," officials of the company

said today.

"The outlook is decidedly bet-
ter," John H. Fitch, Jr., vice presi-
dent. "We don't know yet how
the operations will be but
we plan to resume operations of
part of the hot mills and the finish-
ing mills."

BULLS SHOVE
STOCKS HIGHER

All Issues Except Oils, Rails
Record Substantial
Gains.

By The Associated Press.
NEW YORK, Feb. 20—Bulls
prodded the stock market further
into new high ground for 1931 to-
day, but progress was somewhat
labored.

Trading was in huge volume for
a time during the morning, and
some of the more responsive issues
were pushed up 3 to nearly 10
points. As the market will be
closed for Washington's birthday
on Monday, however, many traders
were inclined to trim down their
extended positions in preparation for the
extended week-end, and pools were
forced to take a large volume of
offerings. Few of the so-called
pivotal shares gained more than a
point or so, and pressure against
U. S. Steel was a little discourag-
ing.

As in all advancing markets, the
past fortnight has witnessed an ac-
tive resumption of activity by
merger bidders up the market. The vigor-
ous bidding up of brokers' gossip
that it might be taken over by U.
S. Steel, but the rumor was charac-
terized as baseless by U. S.
Steel officials today.

Week-end business reviews were
somewhat more cheerful than they
have been of late. The annual re-
garded as significant, the clearly
marked uptick in the volume of
building contracts let, as reported
for the first 11 business days of
the month.

The gain of \$23,000,000 in weekly
brokers' loans, the second suc-
cessive moderate upturn, was encourag-
ing to bulls as indicating in-
creasing public response to their
demonstrations. The recent gains
in loans have been too moderate to
suggest any important weakening
of the market structure. In fact,
the technical position has probably
been improved by the building up
of a new short interest at recent
high levels. Call money was again
available at 1 per cent in the out-
side market.

WIDOW OF VETERAN CLAIMED AT HOME

Mrs. Sarah E. Williams, 84,
Died at Residence of
Daughter.

Sarah E. Williams, 84, past member of the Women's Corps of the Grand Army Republic, died of complications at 10 a. m. at her home, Bellefontaine avenue. She was a year and a half. Williams was known in the community and church circles here. Her husband, George W. Williams, was commander of the Post. She was a charter member of Cooper Post Women's Corps No. 194 and held most offices in the corps at one time. She was a member of the First Presbyterian church. Williams has been dead for several years.

Surviving are her children, Mrs. H. Pfeffer at whose home she and her son, Charles R. Williams, of Columbus. A brother, L. Travis, lives in Cleveland.

Williams was born March 1846 in Mt. Vernon, O., to Travis and Elizabeth Rob- ertson, natives of New York and England. She was married June 28, 1866, in Lucas, O., to W. Williams who died in 1927.

Funeral services will be held at 2:30 p. m. at the home, 1015 W. L. Olewiler, pastor of the First Presbyterian church of Marion. He will be assisted by M. L. Buckley, former pastor of the Central Christian church. Interment will be made in Marion cemetery. Friends may view the body at the home.

Aviator Borrows Parachute Before
Test Flight; Plane Crashes.

By The Associated Press.
LOS ANGELES, Calif., Feb. 20.—H. H. Atkinson, aviator, entered a parachute plane for a test flight. Then he got out again and borrowed a parachute from a friend. Ten minutes later the ship went into a spin from which Atkinson did not extricate it. He jumped. "Something just seemed to tell me," he said, "that I had better throw a chute."

Ashland To Return Man Charged with Murder

By The Associated Press.
ASHLAND, O., Feb. 20.—Sheriff H. F. Walliet planned to go to Columbus today to bring back Frank Mahony, 24, charged with slaying an alleged rum-running pal, Hoyt Egan, 30, also of Columbus. Mahony, arrested by Columbus officers yesterday, was expected to be turned over to the grand jury. Egan's body was found in his automobile two miles east of Bayville, Feb. 5. The sheriff said Mahony and two other men who

have not been apprehended, hijacked Egan's cargo of 73 gallons of liquor. Egan was slain when he pursued the trio, the sheriff believed.

High School Seniors To Present "The Swan"

Miss Lucille Foreman, Harding Dramatic Critic, Picks Ferenc Molnar's Successful Play for Annual Class Event; Date is April 29 and 30 at Ohio Theater.

Ferenc Molnar's successful play, "The Swan," has been chosen by Miss Lucille Foreman, director of dramatics, for presentation by the senior class of Harding High school. The play will be presented April 29 and 30 at the Ohio theater.

The play is in three acts, laid in a mythical kingdom, brimming with the witty and subtle dialogue. He is the best known of the Hungarian playwrights and has made several notable contributions to the American theater including "The Swan," "Lilium," "The Czarina" and "The Devil."

Each year, followers of Miss

Foreman's plays, which reach a high standard in high school dramatics, await the announcement of her selection.

"The Swan" was chosen by Lilian (fish as the play for her talking picture debut and was shown here last summer under the picture title, "One Romantic Night."

The Theatre Guild production of "The Swan" proved one of the genuine hits of the 1923-24 New York season. Eva Le Gallienne was selected by Molnar himself to create the title-role of a proud and beautiful princess.

In the cast with Miss Le Gallienne were Basil Rathbone and Philip Merivale in the leading male roles.

The play calls for 10 women and 10 men, with additional parts for ladies in waiting, lackeys and husbands, which will bring together the largest cast yet to be presented in a high school production.

Try-outs will be held the last of next week or the first week in March and rehearsals will begin as soon as the cast has been selected.

P.-T. CELEBRATES

Founders' Day Program Given at Prospect Meeting.

PROSPECT, Feb. 20. The Founders' day program of the Parent Teachers' association was held Wednesday night. The program opened with music by the orchestra, invocation by Rev. E. A. Grandwohl; music, Girls' Glee club; explanation of Founders' Day; Mrs. E. A. Kimmel; pageant, "The Child Four-Square"; solo, "Tree of P. T. A.," Mrs. Waldo Elliott.

The Lutheran League of St. Paul's Lutheran church met at the home of Dale and Gaylord Johnson Tuesday evening. Ruth Lauer had charge of the program. The topic of the lesson was "Missions in the New Age." The social hour and refreshments were in charge of Ruth White, Caroline Lauer and Dale Johnson.

At his request, the salary of the governor general of New Zealand has been cut ten per cent. Maybe what this country needs is a few good, energetic earthquakes.

Announcement is made that Major General Smedley D. Butler will resign from the marine corps and enter the lecture field. Go to it, Smedley, but take this tip: the utterances of a private citizen will never attract the worldwide attention which has been given to those of an officer of high rank on the active list of the United States marine corps.

Securities of State in Jeopardy.

Attorney General Gilbert Dettman, according to Columbus advices, is planning at once to take steps to safeguard to the extent possible the investment of the state in millions of dollars' worth of municipal bonds which he believes may be jeopardized by a recent decision of the supreme court in a case from Allen county in which the court sustained a demurrer filed by the county to the petition of certain bondholders relieving it from any obligation to levy taxes on the whole county to meet bonds given for improvements in certain districts of the county.

The petition was filed by the holders of certain special assessment bonds issued by Allen county to pay for sewer and water district improvements to compel the county to levy taxes to meet premiums on the bonds, a number of which had been defaulted because the special assessments for the projects could not be collected. The county held that they were of benefit to certain sections only and that the taxpayers of the county as a whole could not be held liable. The supreme court held the county's contention to have been well founded, and sustained the county's demurrer.

As the state holds Ohio bonds of the face value of approximately \$100,000,000, the workmen's compensation fund and the teachers' retirement fund being largely represented thereby, the matter is of vital interest to the state.

"It apparently specifically holds invalid bonds for sewer and water district improvements within counties where a tax levy has been guaranteed to supply deficiencies in the collection of special assessments," the attorney general is quoted as saying in commenting on the supreme court's decision.

"It specifically excludes bonds issued for road and park purposes.

"To what extent the reasoning of the court applies to assessment bonds of municipalities is not clear.

"However, I am satisfied that many millions of dollars of securities now owned by the state are in serious danger and accordingly I feel it my duty on behalf of the workmen's compensation fund and the teachers' retirement fund to do what I can."

Although the attorney general does not so say and in the absence of the text of the court's finding it is impossible to state definitely, it may be presumed that the supreme court differentiated between bonds given for district sewer and water improvements and bonds given for road and park purposes for the reason that the improvements for which the former class of bonds were issued are of benefit to districts only, while the road and park improvements may be enjoyed and are thus of benefit to the people of the entire county.

However, whatever the ground or grounds upon which the court's decision may have been based, in the face of its decision there is not likely to be any demand for district sewer or water improvement bonds in the future which are not so worded as to meet each and every point on which the supreme court sustained Allen county's demurrer.

Chancellor Snowden Speaks Again.

All is not serene in the British Labor party. This was made evident by the speech of blunt-speaking Philip Snowden, chancellor of the exchequer, before a meeting of the party in London this week. According to unofficial reports, the chancellor has become tired of being what might crudely be termed the goat for extravagant expenditure and threatened to resign if he is not given better support by the party.

"I have a difficult job," is the somewhat different way in which the official report puts it. "The full blast of the economic blizzard have come on my head. If every step one makes is to be treated with suspicion, or if one is charged with perfidy, one's position becomes intolerable."

The official report is silent on the subject, but the unofficial version is that the chancellor, reverting to his sensational speech of a week ago Wednesday in which he said that the financial position of the country was so grave that drastic and disagreeable measures would have to be taken if the equilibrium of the budget were maintained, stated that the budget deficit for the present fiscal year might reach \$250,000,000.

The chancellor asked whether, if he should be faced next April with a very heavy deficit, it was not a fact that such an increase of taxation as the situation would make necessary would prove a very drastic and disagreeable step.

The London newspapers' interpretation of the foregoing is that it was a direct slap at the members of the party who are supporting vast schemes of social development, and his way of intimating that such schemes must be abandoned or the party would be compelled to face the political and economic dangers an increase of taxation in the next budget would involve. There may be better appreciation of the growing consensus of the British situation when it is stated that there are now 2,637,181 unemployed in Great Britain, which is an increase of 117,167 over this period a year ago.

Chancellor Snowden's speech at the London meeting has cleared up one very general misunderstanding. In his references to governmental extravagance last week he was precluded by parliamentary rule from naming the target of his charges and followed the practice of pointing to the one he had in mind. It so happened that both Stanley Baldwin and Lloyd George were close together in the direction to which the chancellor's finger pointed, and the assumption was that the former was meant. In his speech this week he was not so bound and made plain to whom he referred, declaring that it was the Lloyd George policy of floating loans at high rates of interest during the World War, instead of imposing taxation, which was responsible for the present unfavorable position in which Great Britain finds herself with respect to war debts.

British industry and business have been inclined to hold that the Snowden speech of last week was a blow to industrial and commercial recovery. It can hardly be held that the chancellor's warning to his fellow Laborites in this later address can be placed in the same category. It should have a salutary effect in curbing the ambitious social development plans of those members of the party who seemingly have had little concern over the possible effect of their plans, if carried to fruition, upon British finances.

Investigation has developed that the deaths of the nine men killed when a British plane crashed in Plymouth sound were due to the act of a novice commander in forbidding an inferior officer, who was his instructor, to touch the controls of the plane when the more experienced pilot knew it was diving to its doom. The case has all the earmarks of one where insubordination might have been justified.

We are inclined to agree with the Methodist board of temperance, prohibition and public morals in its contention that Bishop James Cannon, Jr., has been the victim of "reckless and unscrupulous persecution," but so much of it has been the work of members of his denomination, it's rather a delicate matter for outsiders to go into.

It is predicted that the senate will pass the Taft bill to submit to the electorate of Ohio next November the proposal that the terms of all county officers be made four years. There is this to be said: a term of less than four years hardly justifies any man whose time has average value for going through two campaigns to attain county office, even if the extra campaign didn't double the strain and the expense.

A Chicago civil service plumbing inspector known as an insurgent in the plumbers' union was sprayed with slugs from a machine gun while inspecting a job on a Chicago street a day or two ago, fourteen of the slugs entering his body. Is it to be taken that this is the method pursued in the Windy City of curing labor insurgency?

Several members of the Austrian chamber of deputies got badly beaten up this week in a fist fight upon the floor of the chamber, all of which might have been avoided had they but adopted the Washington legislative plan of doing their fighting over the telephone.

Our idea of an utter lack of judgment was displayed by the Washington physicians who examined four young women of that city, who for the preceding four weeks had lived on a diet which cost them twenty-eight cents each a day, and pronounced them fatter, fatter and fatter than when they started to undergo the test. Whatever the diet of the quartet was, it has been fatter in the eyes of womanhood by that word, fatter.

Resenting the reported statement of Major General Smedley D. Butler, that "Capone would be deported when public opinion became aroused," "Scarface Al" indignantly responds from his Miami estate down in Florida that he is a native-born American citizen and he has been feeding from 2,500 to 3,000 hungry people daily and expresses his willingness to "leave the American people to judge between General Butler and myself, and I am satisfied to abide by their verdict." Now isn't that magnanimous of "Scarface Al"?

Editorial Opinion.

NOT PRIVILEGED TO BE LAWLESS.

Boys who are fortunate enough to get to go to college enjoy many privileges that the majority must forego, but they have no claim to the privilege of indulging in lawless disorder.

In New York City, recently, a band of students of City College, after holding a snoker, rattle into subway trains without paying, incidentally smashed more or less glass on their way down town, carried some of the traction company's signs away with them, and then crashed their way into a theater. They were finally haled to a police station, and last Saturday their cases came to trial. The City College Alumni association had a bevy of lawyers on hand to plead for them, and the theater has been persuaded to send its attorney into court with a request that the whole matter be forgotten. But the magistrate rebuked the apparent attempt to "fix" the cases of these forty-seven students, and insisted upon treating them just like ordinary rioters. They had to pay \$25 each for their fun, or \$1,175 for the bunch, and it is to be hoped that they got a lesson in decent citizenship which will be worth at least that much to them for the future.

Leniency of magistrates towards offending college students, because they are students, is a serious mistake. It may make the magistrate popular, but it is anything else than a benefit to the student.—Columbus Dispatch.

COUNTY PLAN FOR OLD-AGE PENSIONS.

Under the old-age pension bill of a dollar a day maximum for persons above sixty-five years old who are in need, submitted to the legislature at Trenton, relief would be administered by county welfare boards, though the cost would be shared by the state. About 18,500 persons, aside from those in institutions, will need whole or partial support from public funds next year, according to estimates, assuming an average of \$300 for each aged dependent, the expenditure would reach \$5,550,000.

A feature of the New Jersey plan is the effort to increase the importance of the county unit in dispensing charity. At present welfare boards may be appointed in counties where there is a district welfare home, but eight of the twenty-one counties lack the required equipment.

In Pennsylvania a growing tendency is noted to develop the county plan of almshouse operation. In many instances it has proved an advantage over municipal or district control. Already the county figures largely in handling mothers' assistance funds with a satisfactory degree of success. There is no doubt that the county plan offers the advantage of efficient management and avoidance of duplicate equipment, as compared with operation on a smaller scale. But to set the county up as the agency for old-age pensions, instead of the commonwealth, presents a novelty of conception which heretofore had not attracted wide attention.—Philadelphia Inquirer.

WHY IS IT?

Ills Follow Scarlet Fever.

BY ROYAL S. COPELAND, M. D.

Scarlet fever is the most contagious of all the diseases that come to plague our children. Like diphtheria, it can and should be prevented. This can be accomplished, many authorities believe, by the use of certain vaccines.

Scarlet fever is a disease that appears all without warning. It begins with sore throat, fever and a bright red rash. Vomiting is often an early symptom.

The tip of the tongue is very red. There may be a white furring, with red points on and there. This is spoken of as a "strawberry tongue."

Peeling of the skin begins soon after the appearance of the rash. Mild as the symptoms may be, this is a pretty sure sign of scarlet fever.

During the past few years most cases of scarlet fever have been of a mild form. However, the dangers are not so much from the disease itself. They lie in the complications that may appear during or after the acute symptoms have appeared.

Because of these dangers the best medical and nursing care are necessary in all cases of scarlet fever. Infections of the ears, enlargement of the glands of the neck, pneumonia and kidney diseases, may result even in the lightest attacks of scarlet fever.

The disease is highly contagious and all cases must be isolated. Quite frequently mild forms are overlooked entirely, or carelessly handled by the family. Such cases are a menace to a community, because of the spreading of the disease. They cause much discomfort and illness that could have been prevented.

Due to the marvellous work of the Drs. Dick and other research workers, we now have at our disposal a means of determining whether children are susceptible to this disease. By means of the "Dick" test, we can determine definitely whether a child should be injected with scarlet fever vaccine. This vaccine is similar to the "Schick" test for diphtheria.

Every child should receive a "Dick" test as well as a "Schick" test. The procedure is indeed simple and the benefits great. If all individuals cooperated with their physicians and local health bureaus with reference to these simple tests, the percentage of diphtheria and scarlet fever would soon be greatly decreased. Indeed we might look forward to eradication of these dread ailments.

If there are young children in your home, please talk with your family physician about these ailments. He will advise you about the modern methods of preventing them. It is only by voluntary cooperation that the public can be spared many of its afflictions.

If one had only himself to consider it would be easy to travel through life. But we must consider the common welfare. That is why it is certainly the unselfish thing to accept vaccination against the disease which are believed to be prevented by such treatment.

ANSWERS TO HEALTH QUERIES

G. H. Q.—What would you advise for terrible noises in the ears? This has been going on some time. I am sixty-seven years of age.

A.—The noises are probably due to a catarrhal condition which has penetrated to the middle ear. Clear up the underlying causes first of all.

E. P. T. Q.—What do you advise for pimples?

A.—What would cause a lump the size of a walnut to form on the left side, just under the breast?

A.—Correct the diet by cutting down on sugar, starches and coffee. Eat simple food. Avoid constipation.

A.—Have an examination to locate the cause.

H. H. Q.—What do you advise for whiteheads around the nose, enlarged pores and a shiny nose?

A.—All three conditions can be remedied by careful diet and proper elimination. For full particulars send a self-addressed, stamped envelope and repeat your question.—Copyright, 1931, by Newspaper Feature Service, Inc.

Nobel, Dynamite Inventor.

BY ARK HIBALD HENDERSON.

One of the greatest and, in a sense, ironic contrasts is afforded by the genius and the disposition of Alfred Bernhard Nobel, the great inventor. The man was frail in body and sensitive in temperament to an extreme degree. He was constantly working with nitroglycerine; yet it touched his skin he was violently affected by its influence, having to lie down in order to recover from its effects.

Although himself a most powerful destructive materials known to man. He was the inventor of dynamite and various other forms of high explosives, and accumulated a great fortune through their invention and manufacture.

Another great contrast is found in the career of this extraordinary man. The greater part of his life was devoted to the creation of implements of war, and the damage of the most horrible and devastating character could be, and has been wrought by the high explosives which he invented.

And yet, after he had accumulated a fortune of nearly \$100,000,000, he devoted a great part of it to the cause of promoting and furthering world peace, and bringing about fraternity and good-will among all the nations of the earth. It would seem as if, in his will, he had sought to undo what he had devoted his entire life to accomplish.

The will of Alfred Nobel is one of the historic documents of modern times. Under its terms a number of prizes, some \$37,500 each and sometimes more, are annually awarded to those people, men or women, irrespective of nationality, who during the twelve-month have made the most important discoveries in physics, chemistry or physiology, or in the cause of international brotherhood, in the suppression or reduction of standing armies, or in the establishment or furtherance of peace.

No other bequest in modern times has attracted such wide interest, and the awards each year receive world-wide notice and recognition.

The view that Alfred Nobel merely promoted the cause of warfare by his invention of high explosives is surely a superficial one. It has been contended that his inventions have had an insistent effect in promoting the ends of civilization. As Nobel's biographer, in "The Book of Popular Science" says:

"He has blown railroads through the hearts of mountains, has made harbors on inhospitable coasts that shelter the argosies of commerce as well as the powerful vessels of war; he has given the farmer a new implement for breaking up his ground and for the uprooting of the stumps that formerly made cultivation impossible. He has given the road maker, the mine operator and the contractor a power such as they never before possessed. He has enabled us to lessen the gradients for railroads and for highways, so that now we can at last eclipse the Romans as makers of roads. Canals and docks result from the explosion of his dynamite; rivers become navigable by a same treatment. Dynamite, the product of a terrible science of destruction, has become a decribable force which is now indispensable to the engineer and maker of tunnels and roads."

Nobel was born at Stockholm, Sweden, on October 21, 1833, his father also being an inventor. For four years he studied mechanical engineering in the United States under John Ericsson, the famous inventor.

Among his most famous inventions were dynamite and blasting gelatine. Nobel was a highly gifted chemist, and although his two greatest inventions were initially due to accident, exhaustive chemical researches had to be carried on to complete the inventions.

Nobel died at San Remo, Italy, December 10, 1896.—Copyright, 1931, International Feature Service, Inc.

The First Army on Ohio Soil.

BY J. H. GALBRAITH.

Probably all of the earlier explorers in the Ohio country had small military detachments with them for protection, but the first march of a real army upon the soil of what is now Ohio was that of General Henry Bouquet of the British forces in America, from Fort Pitt, now Pittsburgh, against the belligerent Indians whom he forced to treaty agreement on the banks of the Tuscarawas in 1764.

Bouquet was not an Englishman by birth. Switzerland was his native country, and he was a soldier of fortune. He first entered the services of the Netherlands; later served the Sardinians and joined the British forces in America in 1756. It is likely that in all his varied military career he never had an experience like bringing his 1,500 men from Fort Pitt to the banks of the Tuscarawas.

It was early in the fall that his army pushed out from Fort Pitt, and crossing the Ohio, plunged into the pathless woods. It must carry its subsistence with it. This, through trackless forests, was some task. Out in front he threw his Virginia back-woodsmen and Indian fighters, to scout for lurking Indians, and cut paths through the trees and the underbrush. Then came long trains of pack horses bearing provisions, and followed by cattle and sheep, to be slaughtered as needed for meat.

Back of this advance guard and supply train the army slowly and laboriously made its way, like a herd of elephants, in the jungle. Progress was necessarily slow. On the average not more than seven or eight miles a day were made. It was much less than this when the road lay directly through the woods. The average was raised when the shores of streams could be used or an occasional opening permitted them to see the sky for a brief space.

Bouquet was assigned to duty in the South soon after his invasion, and died the next year at Pensacola.

New York Day by Day.

BY O. O. MINTREE.

New York, Feb. 20.—Thoughts while strolling: Bird crum scatterers in St. Patrick's churchyard. And pigeons wheeling overhead. Three cheap jack stores that have slipped into upper Fifth avenue. Chatter lives at the St. Morris hotel. Floyd Gibbons has five secretaries.

John Farrar, a Burlington, Vermont, boy, who made good in the city. Big boned Scandinavian women from kitchens who relax in neighborhood movies. Flappers with tiny fluff ball muffs. And those leisurely winking shopping ladies with the calm preparedness of cats.

Chinese laundry sign: Hop Long. The melancholy smell from police stations: wool and soap. Why are odors more pronounced at night? The Albino doorman in front of a Russian restaurant. Wish I could run across real bouillabaisse. Like they serve at Prunier's.

And now that they have a cigar that makes you "mouth-happy." The sculptor, George Grey Barnard. That gangster who is said to terrorize the underworld looks like a sissy, says he, walking fast. Every year there are fewer beer gardens. And that's something. Starched ladies who live in old brown-front boarding-houses. And broad their A's. Baird Leonard looks a little like Amy Lowell. A Filipino valet service. Alec Waugh is so British you can hardly understand him. Otto Kahn's avenue home seems gloomy.

Executives in those heavy oaken offices. Pushing buzzers for secretaries who gambol in like spring lambs. Sam Hellman walking across Central park. Social Gyroscopes have had their few weeks at Palm Beach, and are off for the Riviera.

The Circle. An evangel of anarchy changing a diaphanous of despair. The watery-eyed chinless fellow who passes out atheist treat. Hot-battered popcorn. Blonde taffy pulled white in windows. Theater crowds racing none. Faceless men huddled in doorways, asleep.

Rian James, a Brooklyn columnist, who pines about New York hunting strange and bizarre eating-places, has discovered these. A Chinese cafe serving shrimps and pineapples while a Chinese boy reads Keats aloud; Tamarind served by a cross-eyed Hindu in a Fe. black radishes, smoked goose liver and gefuile fish while spangled ladies twirl in the Kazarka; dried herring of Scandinavia; tentacles of octopus, hundreds of years old Edam cheese; East Indian curries and Japanese beef sushi yakl. I'd order sushi yakl any time just to say it.

A newspaper picture of a crooked cop, caught in the despicable business of framing innocent girls, is recognizable as a former traffic cop. He's the same bird that once yelled when my car got snarled in front of a theater: "Where the — do you think you are?" If he winds up where I hope I'm, asking to skip by his cell and sala: "I know where you are, horray, hooray!"

The other morning, visiting a Long Island estate, the host asked if I cared to go through his stables. And it just hit me I had not been in a stable since leaving my forks of the creek. Everything is changed. One approached this stable through a rock garden suggesting a prize mural. Stalls might be rooms at the Ritz, each bearing a brass plate with the name and pedigree of the occupant. There were no leathery odors, no honky smells. The hostlers wore purple costumes and white canes, gloves. It was so grand I went about tipping my hat to the lady horses.

In his day James Hazen Hyde was one of the conspicuous figures of the operatic, the atrical and sporting world of the town. No one has ever left New York flat so completely. Along the Paris boulevards he has become just as familiar—a true Parisian from his peaked high hat to his high-heeled shoes with fancy colored uppers.

Speaking of fancy uppers, one avenue shop is showing them of Scotch plaid. I pass them wearing blinders. They think up stuff like that for such suckers as myself.—Copyright, 1931, McNaught Syndicate, Inc.

Valencia's Night Life.

BY TEMPLE MANNING.

Though most of Valencia retires early, the ancient Spanish city shelters many gay and picturesque resorts for those whoopee-making tourists whose days start at midnight or thereabouts.

A Valencia cabaret is no place for Aunt Minnie or the college boy who mistakes himself for Jack Dempsey after the second or third round of Muscatel or champagne. The hostlers who frequent these resorts are not averse to a brawl, during which knives are apt to flash.</

IRENE, DAGUE READY FOR TRIP TO CHAIR

Condemned Pair Apparently Inherent to Impending Doom.

The fire alarm and seeing the flames rushed from their quarters to the limestone Co. plant, where the fire started was soon extinguished. A majority of the prisoners slept unmindful of what had happened, but alert adopters of emergency measures had lighted lanterns about the big institution. It was said at the penitentiary that even should such an accident occur Monday morning, Irene and Dague are to pay their lives for the murder of Corporal Brady Paul. It is not intended with the execution of an emergency power plant at the penitentiary would be used for the purpose.

FUNERAL PLANS MADE

Relatives of Condemned Pair Make Arrangements at Wheeling.

WHEELING, W. Va., Feb. 20.—Funeral arrangements have already been completed for Irene Schroeder and Walter Glen Dague, condemned to the electric chair at Rockwell Prison, Bellefonte, Pa., Monday morning for the murder of Corporal Paul, Pennsylvania state highway patrolman.

For the brothers, funeral directors in Marion Grove, W. Va., were called today by Mrs. Theresa Hess, wife of Glen, and his brother, Cecil, to go to Bellefonte to claim the body. It will be returned to Sand Hill, Marshall County, W. Va., his boyhood home, following a private funeral service at the Sand Hill M. E. church, which he attended as a young man.

The body of Mrs. Schroeder will be claimed by her family and returned to the Cooley funeral home here, where services will be held Tuesday.

Prison Warden Cancels Pen Assembly Until Disease Is Checked.

COLUMBUS, O., Feb. 20.—The spread of influenza among inmates of the penitentiary here today has caused Warden Preston E. Thomas to cancel religious services and motion picture shows in the prison.

More than 150 convicts have been treated for influenza in the hospital. Yesterday 37 new cases were reported. Warden Thomas said the epidemic started when two prisoners from Cleveland were admitted. They came from the Cuyahoga county jail where influenza is prevalent. The warden said none of the cases is serious and that there is no cause for alarm.

Immunity from Kisses Expensive in Chicago

CHICAGO, Feb. 20.—It costs money to get in a position of immunity from a mother-in-law's kisses, sometimes.

At least that was the experience of Claude Erickson.

In a cross bill he recently filed to his wife's divorce action Erickson charged that she forced him to kiss his mother-in-law, alleging this was "extreme cruelty" causing him to suffer a "nervous breakdown."

Yesterday heard Judge Daniel P. Trudeau ordered him to pay his wife \$20 a week alimony.

DRIVER FINED \$100 AFTER AUTO WRECK

F. W. Buffington of Pleasant Township Must Pay for Damages.

A fine of \$100 and costs and a six-months suspended sentence in the workhouse was assessed F. W. Buffington of Pleasant township today in municipal court when he pleaded guilty.

This charge was placed against Buffington last night following a collision between his Ford touring car and a Lincoln sedan, driven by a Fremont attorney, on the Delaware road five miles south of the city. He was arrested by Sheriff C. C. Eyer and Deputy Millard E. Baldwin.

The workhouse sentence was suspended on provision that Buffington pay for damages done to the Lincoln machine fenders of which were smashed and the body was damaged. The left front wheel also was broken.

Buffington's own machine was almost completely wrecked but he was unhurt. Some of the occupants of the Fremont car were injured.

A Ford sedan, bearing a Michigan license, was slightly damaged when it skidded into the Lincoln after the collision. The driver was unable to see the car due to the fog, he said.

The Lincoln and the Ford were towed to the Ford garage here where they were to be repaired today.

The accident occurred about 7 p. m. last night.

BUY COOLERS

Commissioners Act To Save on Ice Water Bill.

County commissioners yesterday approved the purchase of six new electrically-cooled water containers for use in the court house.

The new coolers will replace the present six ice-cooled containers. City water instead of distilled water will be used.

The new containers will cost \$5 a month for each container plus the cost of the electric current, which is expected to be eight, the commissioners said. At the expiration of three years, the coolers will become the county's property.

Commissioners pointed out today that the total cost of the coolers over the three-year period will be \$1,080, a figure almost comparable to the rental prices of the present containers for the same period of time. When the three-year period is completed, they point out, the coolers will be paid for and the present rental charges will be saved.

Contract for the purchase of the coolers was made with the Columbus, Delaware A. Marion Electric Co., which will install them in the near future.

Olney Avenue P-T. A. Celebrates Founding

Founder's day was celebrated by the Olney Avenue Parent-Teacher association when it met last night at the school. The service was held to commemorate the thirty-fourth year since the Parent-Teacher movement was organized.

Judge Oscar Gaid of the probate court paid tribute to Washington and his mother Mary, in a short talk. The association sang "My Tribute," Raymond Retterer wrote a cake contest. A penny supper was planned for March 6. The banner was awarded the sixth and seventh grade for having the most parents present at the meeting. An afternoon meeting will be held March 19.

Elks' Lodge Plans for Charity Dance

Plans were made for a charity dance the night of March 6 at the meeting of Marion Lodge No. 32, B. P. O. Elks last night in the Elks hall. The dance will be held at the lodge clubrooms and plans for the affair are in charge of Cecil R. Leavens, Louis Kull and Roscoe Rank. Tickets will be sold at one dollar a couple. Arrangements were made to go to Sandusky Feb. 24 to attend a celebration staged by the lodge.

MERRELL CUTS LOAD LIMITS ON HIGHWAY

Reduction of 20 Per Cent Made on State Roads Here.

Load limits on state highways in Marion county will be reduced by 20 per cent, effective Monday at 1 a. m., according to an order received today by local officials from State Highway Director O. W. Merrell.

The reduction is effective in practically every county in the state. The order was received here by County Surveyor Cecil R. Leavens, county commissioners and Sheriff C. C. Eyer.

Trucks with solid tires must reduce their maximum loads from 10 to 7½ tons, while a trailer or extra axle will be permitted to carry six tons extra, a reduction of two tons.

Pneumatic-tired trucks must reduce their maximum loads from 12 to 10 tons, and the extra axled trucks and trailers from 8½ to 7½ tons, Leavens said today.

The reduction is effective only during the thawing season which lasts for several months, and is designed primarily to avoid damage to the roadbed.

Penalty for violation of the order is a fine from \$10 to \$100 in addition to any damage which might be done to the road.

M'LEAN DIFFICULTIES RETURNED TO COURT

Wife of Millionaire Publisher Seeks To Prevent Mexican Divorce.

By The Associated Press. WASHINGTON, Feb. 20.—The marital difficulties of the Edward B. McLean were in the Washington courts again today, through an effort by Mrs. McLean to prevent the millionaire publisher and sportsman from obtaining a divorce in Mexico.

Late yesterday Justice Adkins of the District of Columbia supreme court granted an order temporarily enjoining McLean from proceeding with a divorce action filed by him at Cuernavaca, Mexico, Feb. 4.

The publisher of the Washington Post was given 10 days in which to oppose a permanent enjoining order.

The claim of Mrs. McLean's lawyers was that since her husband had signed a previous decree of the same court for separate maintenance of the wife and three children, he was under the Washington court's jurisdiction.

In that action the court a month ago ordered that Mr. McLean be paid \$75,000 a month out of his income and required also that \$60,000 be set aside to cover any deficiencies in payments. Mrs. McLean had asked for \$200,000 a year.

Informing the court her husband refused to maintain her and the children although he had an income as high as \$1,000,000 a year.

In addition to his Washington paper, McLean is part owner of the Cincinnati Enquirer.

BETTY ROSS

Braving hardships of Russia was just another globe-trotting experience of Betty Ross, novelist. Her next adventure will be radio and her first radio broadcast is scheduled for March 15 when she will give the first of three lectures on "Love and Life in Russia." She will be heard over the WJZ network.

Howard Marsh Is Featured on WJZ Program

BY GILSON WRIGHT

OUTSTANDING stars are missing from the network programs Friday night, but listeners are assured the usual excellent Friday night features.

The Chocolaters will present Howard Marsh, tenor, in their program over the WJZ network at 8 p. m. Marsh created the title role in Romberg's "Student Prince" and the lead role in "Blossom Time." He will revive memories of

"Show Boat" and "Maytime" Friday night.
The Quakers will jump from Balfe's opera, "The Bohemian Girl," to a special quartet arrangement of "On the Banks of Wabash" in their broadcast over the same network at 10 p. m. Arthur Murray, famous dancing instructor, will tell the radio audience how to execute the "danzon," an exotic dance from Cuba, in the Dancing Class over the WJZ chain Friday at 8:45 p. m.

From tunes current on Broadway to an excerpt from an opera by Debussy will run the program by the Cavaliers over stations associated with NBC Friday at 8 p. m.

A medley of old favorites sung by the ensemble will be a bright spot on the program to be broadcast from NBC's Chicago Studios Friday at 9:30 p. m.

The Two Troupers, Marcela Shields and Helene Handin, receive a telegram at Montreal calling them back to New York, and the excitement of flagging their train in the episode to be broadcast over an NBC network Friday at 9:45 p. m.

Miska Hauver's familiar and soothing "Cradle Song" will be played by Ludwig Laurier and his string ensemble in concluding NBC's program of Slumber Music Friday at 11 p. m.

Selections from the Gilbert and Sullivan comic opera, "The Pirates of Penzance," will be offered by Marie Gerard, soprano, Helen Nugent, contralto, Earl Palmer, tenor, and Crane Calder, bass, during the broadcast of Light Opera Gems which under the direction of Channon Collinge, will be heard Friday from 5 to 5:45 p. m. over the Columbia chain.

Selections by old and modern French composers comprise the program to be presented by Le Trio Morgan over an NBC network Friday at 8:30 p. m.

Mariska Kondor will be featured in two vocal solos during the program by Emory Deutsch and his Gypsy Trail Orchestra to be broadcast over the Columbia network Friday from 10 to 10:30 p. m.
